REV. D. H. MOORE, D. D.	Cincinnati, Ohio.
REV. J. S. PETTY	Chattanooga, Tenn.
REV. R. S. RUST, D. D.	Cincinnati, Ohio.

LOCATION.

For purity of air, excellence of water, and mildness of climate, the location of U. S. Grant University is all that could be desired.

Athens, the seat of the College of Liberal Arts, of Music and Art, and Academic and Normal Departments, is located at the junction of the East Tennessee, Virginia & Georgia and Tellico Railroads, in sight of the Chilhowee Mountains, 1,000 feet above sea level, and apart from all miasmatic influences.

The campus contains over twenty acres, upon which there are six large buildings and five cottages.

Chattanooga, the seat of the Professional Schools—Medicine, Pharmacy, Dentistry, Law, Theology, Technology and Business College; and Academic, Normal, Music and Art Departments, is one of the most enterprising cities in the South. It is centrally located and easy of access from every point of the compass.

The University grounds command an unobstructed view of Lookout Mountain, Missionary and Walden's Ridges, with glimpses of the Tennessee River gracefully encircling the entire city.

CALENDAR.

September	5, 1892,	Monday..	Entrance examinations.
September	6, "	Tuesday..	First term begins.
December	2, "	Friday...	First term ends.
December	5, "	Monday...	Second term begins.
December	23, "	Friday..	} Holiday recess.
January	3, 1893,	Tuesday }

COLLEGE OF LIBERAL ARTS,

ATHENS, TENN.

There are three courses of study provided in this department: The classical, the philosophical and the scientific. The classical course leads to the degree of bachelor of arts. It covers four years, and is designed to afford opportunity for acquiring a good general knowledge of a wide range of subjects, embracing ancient and modern languages, mathematics, history, natural science, literature and philosophy. The philosophical and the scientific courses are also arranged for four years, and lead to the degrees of bachelor of philosophy and bachelor of science, respectively. The aim, in all these courses, is general rather than special culture, and a symmetrical and carefully graduated development, rather than the exhaustive investigation of a few subjects to the neglect of others equally important.

ACADEMIC DEPARTMENTS.

The importance of thorough and systematic preparation for higher studies and extended courses, has determined the Trustees to arrange for concerted and harmonious action among the principal seminaries and academies that are tributary to the University, by the adoption of a uniform course of study leading to the regular college and technical classes.

Besides the departments at Athens and Chattanooga, the following Scholastic Gymnasias are comprised in the association, and students from them will be received without examination, upon presentation of certificates from their respective principals:

1. Powell's Valley Academy, Well Springs, Tenn.
2. Warren College, Chucky City, Tenn.
3. Roanoke Academy, Roanoke, Va.
4. Leicester Academy, Leicester, N. C.
5. Mt. Zion Academy, Mt. Zion, Ga.
6. Oakland Academy, Laurel Gap, Tenn.
7. Greenville Collegiate Institute, Greenville, Tenn.
8. Parrottsville Academy, Parrottsville, Tenn.
9. McLemoresville Academy, McLemoresville, Tenn.
10. Bloomington College, Bloomington, Tenn.
11. Kingsley Academy, Bloomingdale, Tenn.
12. Mountain City Academy, Mountain City, Tenn.
13. Mallalieu Academy, Kinsey, Ala.
14. Ellijay Academy, Ellijay, Ga.
15. Graham Academy, Smyrna, N. C.

16. Murphy Collegiate Institute, Sevierville, Tenn.
17. Fair View College, Trap Hill, N. C.
18. Sunbright Academy, Sunbright, Tenn.

In these departments, at Athens and Chattanooga, three preparatory courses of study are offered : Classical, philosophical and scientific, of three years each, leading to corresponding courses in the College of Liberal Arts. Even if only a limited time is available for attendance at school, it will be found preferable, in most cases, to take regular work.

A Normal Course is also provided for those who wish to prepare themselves for teaching in our public schools.

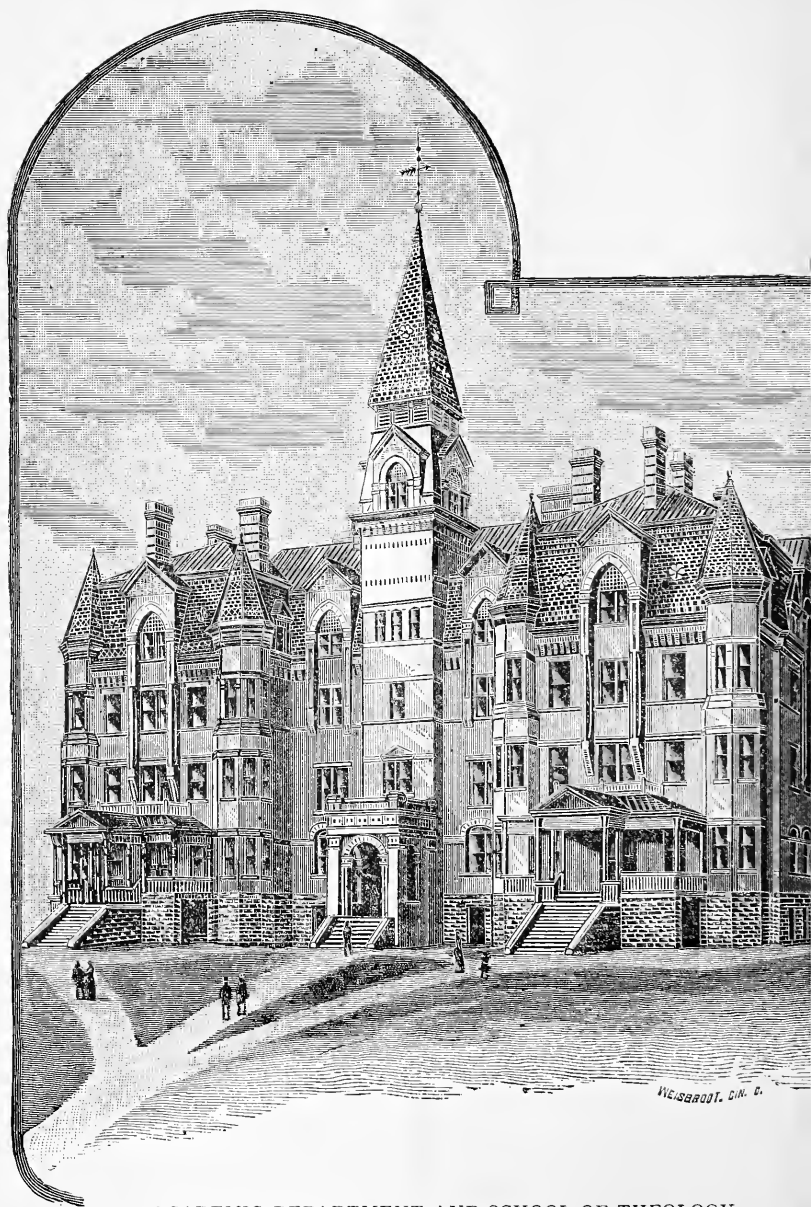

A select course may be pursued by all who desire, provided the work chosen meets the approval of the Faculty and the hours of recitation do not conflict.

Promotions and honors are given on the same terms as in the College Department. Reports of scholarship and deportment are made out for each student at the close of each term. If the parent or guardian requests it, these reports will be mailed to him regularly.

A diploma will be conferred by order of the Board of Trustees upon any student completing the course prescribed.

On presentation of such diploma, the student may enter the college classes without examination.

ACADEMIC DEPARTMENT AND SCHOOL OF THEOLOGY,

NORMAL COURSE.

The Normal Course is substantially the same as the Collegiate Preparatory, Classical, with the omission of Ancient Languages and the substitution of such subjects as may be most needful to those preparing for the work of teaching.

Lectures on Theory and Practice will constitute an important feature of this department.

A Normal Preparatory Course of one year has also been arranged as follows :

<i>First Term.</i>	<i>Second Term.</i>	<i>Third Term.</i>
Arithmetic,	Arithmetic,	Arithmetic,
Grammar.	Grammar,	Grammar,
Geography,	Geography,	Geography, complet'd
Reading,	U. S. History.	U. S. Hist'y, complet'd
Spelling.		

In the study of Geography special attention will be given to Map Drawing, and in the study of United States History constant reference will be made to the geography of the country.

DEPARTMENT OF MUSIC.

The design of this department is to furnish thorough instruction in the various branches of music. With this object in view, systematic study will be given to the fundamental principles of music; to the different forms and periods, and to the works of the masters.

Students will be received at any time, and, after satisfactory examination, will be given due credit for the progress already made.

The time necessary to complete the course cannot be stated in advance, but will depend upon the previous attainments of the students; upon their ability, and upon the amount of time devoted to the study. At least one year of study in the department will be required before graduation.

To meet the increasing demand for well qualified teachers of music, special attention will be given those desiring to teach. Classes will be organized for instruction in the best methods of teaching; and in these, students may give lessons under the direction of the teacher. The Normal work is free to all receiving regular instruction in the department.

Among the advantages offered, none are of greater importance for general culture than the studies in Musical Literature, together with the recitals and concerts that will be given from time to time. Advanced students will also receive drill in ensemble playing.

While no student will be allowed to take part in any public musical entertainment without the consent

of the teacher, all students are required to assist in such work when they can do so with credit to themselves and the department.

VOCAL CULTURE.

GRADE I.

Position of the throat and mouth. Delivery of the voice. Ascending and descending passages. Melodic phrases.

GRADE II.

Vowel and consonant elements. Extension of compass. Flexibility of the voice. Study of enunciation. Major and minor scales. Ballads, songs, arias, of moderate difficulty.

GRADE III.

Chromatic and minor scales. The staccato. Portamento. The swell. Various exercises for flexibility. Slow trill. Difficult exercises in Colorature. Embellishments, etc. Study and building up of repertoire of church, concert, oratorio, and operatic music.

ART DEPARTMENT.

This department has for its object the cultivation and promotion of the Fine Arts through practice and criticism.

Instruction will be given in oil and water color, pastel, crayon, free-hand drawing, china painting and portraiture in crayon and pastel.

An annual exhibition of the works of art produced by the students during the year is held during the last week of the collegiate year.

ELOCUTION.

This department is so arranged that students may enter classes at the beginning of each term. It is the aim in this work so to develop the natural powers of the speaker by careful drill, that the thought may be produced in the best possible manner. Students of Law and Theology are instructed in special classes. The principles are divided as follows :

CLASS I.

Position. Respiration. Elements of speech. Articulation. Voice culture for purity of tone. Form and quality. Force, stress, pitch and movement. Reading of short sketches and the application of principles.

CLASS II.

Voice culture for strength and volume. Principles of gesture. Combinations to produce harmony in gesture. Drill for flexibility of voice. Analysis and recitation of selections. Division of form, quality force, stress, pitch and movement. Inflection, wave emphasis, climax, pause and grouping.

CLASS III.

Action on the rostrum. Bearing. Individual drill. Criticisms upon original productions. Hymn readings. Readings from Shakespeare. A rounding of all the elements necessary to forcible speech.

RITTER INDUSTRIAL HOME

ATHENS, TENN.

FOR YOUNG WOMEN.

MRS. F. V. CHAPMAN, Superintendent.

This "Home" has been, during the past year, a constituent part of the University, and has fully demonstrated its usefulness and the popularity of domestic training in the South.

The plan of instruction is modeled after the best features of the world-famous Mount Holyoke School, founded by Mary Lyon, the most eminent teacher of her age.

Domestic instruction is now becoming the most popular branch in Vassar, N. Y., and Auburndale, Mass., as well as other famous schools for women.

The house is new, the rooms are large, light and well ventilated. The laundry and kitchen are provided with all the modern appliances to render the work light and easy to be performed.

The design of the management is to make this department a *real home* to its inmates. Each girl in the Home is expected to contribute her share of service and loyal interest toward making it a delightful place for all. The domestic duties are arranged with

such careful method that all the labor gives the student but the needed healthful exercise.

Regular class instruction is given in cooking, plain sewing and dressmaking, for which no extra charge is made. The sewing classes give opportunity for girls to do all their own sewing, without interfering with their progress in their school work. The domestic work is graded as other school duties, and constitutes a part of the basis upon which the class standings are made up, and promotions from class to class are made.

Pupils living in the "Home," not only get the benefit of the domestic instruction, but the system of co-operative housekeeping very much reduces the expenses of attending the University. The "Home" is managed entirely in the interest of the students; not to make money, but simply to pay running expenses.

Furnished rooms, fuel, lights and board are provided at \$7.00 per month. Each month's dues are payable in advance. No girl entering the Home will be excused from her share of the domestic duties, except of course, in case of illness. The discipline is mild but firm.

Each girl entering the Home must bring satisfactory testimonials of character and capacity; and any failure of loyal co-operation may be considered sufficient reason for severing the young lady's connection with the school.

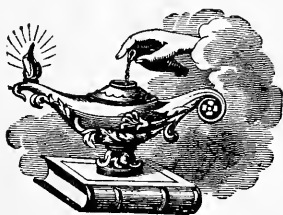

The object of this school is to train the hand as well as the head. To teach each young lady how to perform most skillfully all the duties that pertain to a woman as the head of a house or home.

The Home will accommodate fifty girls, and is in

itself the Practice School for all the theoretic instruction. The boarding expenses can be greatly reduced by taking this course.

The Society will furnish the Home and pay the teachers. The running expenses of the house will be equally divided among the members of the household. The Society will extend the helping hand to such as are worthy, and unable to meet the necessary expenses themselves.

 All non-residents are required to enter the Home or board at Bennett Hall unless they have near relatives living in the city.

THE SCHOOL OF THEOLOGY.

LOCATED AT CHATTANOOGA.

FACULTY.

BISHOP I. W. JOYCE, D. D., L. L. D., - - Chancellor

REV. J. F. SPENCE, S. T. D., L. L. D., - - President

REV. GEO. T. NEWCOMB, A. M., S. T. B., - - - Dean
Professor of Hebrew and Old Testament Exegesis.

REV. RICHARD J. COOKE, A. M., S. T. B., - Librarian
*Professor of New Testament Exegesis and Historical
Theology.*

REV. G. E. ACKERMAN, A. M., D. D.
Professor of Systematic Theology.

REV. JOHN JAY GARVIN, B. S., S. T. B.
Professor of Practical Theology and Elocution.

The School of Theology of U. S. Grant University is an institution for ministerial training, established on the same basis as the older theological schools of the church.

The advance of general education and culture, the increasing demand for thoroughly educated and earnest ministers, both for home and foreign fields of labor, the widening of Christian thought, the constant improvement in means and methods of Christian activity, are among the imperative reasons for special theological training on the part of those called of God to the sacred office of the Christian ministry; and the aim of this institution is to so equip such young men by a broad and thorough scholarship, that they will be able to serve in every good work as the Church may demand.

ADMISSION.

Each candidate for admission to the regular Triennial Course must produce a degree of A. B. from a reputable college, or satisfy the Faculty upon examination that he has had classical and literary training sufficient to enable him to pursue, without difficulty, the designated studies.

Candidates for admission who have had no classical training, but have a knowledge of the common English branches, will be admitted to the English Course.

Applicants who are members of the Methodist Episcopal Church, must produce a certificate of license to preach, or a recommendation from a quarterly conference, signed by the pastor and presiding elder. The form of recommendation authorized by the General Conference of the Methodist Episcopal Church is as follows:

"We, the members of the Quarterly Conference of..... hereby express our judgment that..... is called of God to the work of the ministry, and we recommend him as a suitable person to become a student in the School of Theology of U. S. Grant University.

Applicants from other Churches will present the certificate usually given by the denomination to which they belong.

GRADUATION.

The degree of S. T. B. (*Sacræ Theologiæ Baccalaureus*) will be conferred upon students who have received the degree of A. B. or an equivalent and have completed the prescribed course of study.

Students not graduates of colleges, but whose linguistic attainments and general scholarship have enabled them to be admitted to the regular course, will, after passing a satisfactory examination, receive the diploma of the institution.

Those who have pursued the English course for two full seminary years, and shall pass a satisfactory examination thereon, will receive the certificate of the institution.

COURSE OF STUDY.

{The English Course corresponds in the main with the following, languages omitted.}

REGULAR TRIENNIAL COURSE.

JUNIOR YEAR.

INTRODUCTION.—General Survey of Theology, Order and Methods of Study, Biblical Literature, including Biographical Account of prominent writers, ancient and modern.

EXEGETICAL THEOLOGY.—Hebrew Grammar, with Readings from the Pentateuch. Critical Study of the English Bible; Methods of Use, Commentaries and other Aids. Origin and History of Old Testament Canon; Geography and Arch-

æology. New Testament Greek; Critical and Exegetical Studies in the Gospels, Acts, and Epistle to the Galatians. New Testament Canon; Genuineness of the New Testament—its Authenticity, Inspiration. Study of English New Testament; Scripture Geography; Manners and Customs of New Testament Times.

HISTORICAL THEOLOGY.—The Life of Christ (modern views). History of the Planting and Training of the Christian Church. Post-Apostolic History to the Reformation. General Survey of Ecclesiastical Literature of the Period, including Patristics.

SYSTEMATIC THEOLOGY.—Apologetics. Revelation Probable. Miracles. Prophecy. Evidences. History. The Being of God. The Attributes of God. Trinity. The Government of God. "Man, a Revelation of God."

Text Books—Raymond, Ackerman.

Reference Books—Pope, Watson. Foster.

PRACTICAL THEOLOGY.—Introduction. History of Preaching, ancient and modern. Lectures on the Office and Work of the Christian Minister. Elements of Power in the Minister. Brief Homiletical and Rhetorical Exercises. Natural Methods of Debating. Elocution. Reading of Bible and Hymns.

MIDDLE YEAR.

EXEGETICAL THEOLOGY.—Hebrew: Critical and Exegetical Studies in the Pentateuch and Historical Books. Lectures on Old Testament: Introduction—Language; MSS.; Versions; The Pentateuch: Authorship, Antiquity, Unity; Modern Objections. Other Historical Books: Poetical Books; Major and Minor Prophets. Greek Testament: Studies in Romans, Ephesians. New Testament—Introduction: Higher and Lower Criticism; Lectures on MSS.; Versions; Textual Analysis and Expository Work.

HISTORICAL THEOLOGY.—History of Christian Doctrine. Ecclesiastical History from the Reformation Period to the Birth of John Wesley. Lectures on the Social Condition of Europe During the Period; Lectures on the Counter-Reformation; On Causes of the Spiritual Declension. Rationalism.

SYSTEMATIC THEOLOGY.—Anthropology. Original Righteousness. Original Sin. The Fall, Soteriology. Theories

of Salvation. The Atonement Benefits of the Atonement. Extent. Conditions. Eschatology. Immortality. Intermediate State. The Resurrection. The Millennium. Second Advent.

Text Book—Raymond.

Reference Books—Pope, Watson, Hibbard, Cooke.

PRACTICAL THEOLOGY. — Homiletics. Idea of the Sermon: The Building of the Sermon; Material for Sermons; Illustrations; Delivering of the Sermon; Natural Methods; Extemporaneous Preaching; Sermonic Criticism. Elocution: Voice Culture; Gesture; Reading of Bible and Hymns.

SENIOR YEAR.

EXEGETICAL THEOLOGY. — Hebrew. Studies in Poetical and Prophetical Books. Biblical Chaldee. Lectures on Interpretation. Methods. Figurative Language: Parables; Allegories; Types; Symbols. New Testament Greek: Expository Studies in Hebrews and Pastoral Epistles; Lectures on History of New Testament Exegesis; Canons of Interpretation; Selection of Commentaries and other Helps; Recent Works on New Testament Exegetical Theology.

HISTORICAL THEOLOGY.—General Church History from the Rise of Methodism to the Present Time. History of Methodism; Recent Movements and Tendencies in Religious Thought; Ecclesiastical Statistics and Review of Religious Progress.

SYSTEMATIC THEOLOGY. — Theoretical Ethics. Obligation. Conscience. Virtue. Moral Culture. Practical Ethics. Self-culture. Duties to Our Fellow-men. Duties to God. Ecclesiology. The Church. Sacraments. Baptism. Subjects and Mode. The Lord's Supper. Nature's Efficacy and Validity. Polity. Ministerial Duties and Offices. Episcopacy. Ecclesiastical Law.

Text Books—Raymond, Hopkins, Methodist Episcopal Discipline.

Reference Books—Harris & Henry, Pope, Hibbard.

PRACTICAL THEOLOGY. — Lectures on Church Polity. The Pastoral Office and Duties. Relation of the Pastor to Social Questions. Plans and Building of Churches. Conduct of Revivals; Prayer-meetings; Public Worship; Administration

of the Sacraments; Ecclesiastical Law and the Discipline. Charters and Deeds of Church Property. Elocution: Voice, Gesture, Delivery of Sermons.

OTHER COURSES

of study, Missionary, Post-Graduate, and special subjects will be marked out as demands may require.

AUXILIARY FACILITIES.

LIBRARY.—The very valuable collection of works in various languages bequeathed by the late Prof. J. Clarke Hagey, D. D., is especially rich in means for exegetical study. In addition to the free use of this collection, students will have access to the library of the University.

LECTURES.—Many of the most eminent ministers, lecturers, lay and clerical, in Methodism, have preached or lectured every year, for the past fifteen years, before the University. The new organization of the School of Theology will insure a large number of specialists in the various departments of Biblical Inquiry in addition to lecturers on Present-day Questions of importance to the minister.

The Theological year opens September 6, 1892, and closes April 25, 1893.

DEPARTMENT OF TECHNOLOGY.

REV. SAMUEL LUGG, Dean.

SCHOOL OF MECHANICAL ENGINEERING.

This department comprises a complete machine shop, for all kinds of regular machine work, lathes, shapers, drills, small tools of every description, and all branches of the art will be systematically pursued through a four years' course.

FORGING AND BLACKSMITHING.

This branch consists of all kinds of forging and blacksmithing, forming and shaping, regular and irregular forms and appliances.

PLUMBING AND GAS FITTING.

This department will comprise all kinds and varieties of pipe fitting for steam, gas, hot water, and other purposes.

ARCHITECTURE AND BUILDING.

This department comprises a very complete outfit of wood working machinery and tools of every variety, including design and ornamental work, cabinet work of every kind, and wood carving, scroll sawing, sash and blind, door and panel work; turning of all descriptions, and general joining.

Students in each department will be assigned regular hours, and each one advanced as fast as is safe with thoroughness and efficiency as a basis, entirely

independent of all others. Department, as well as workmanship will be considered in candidates for advancement from grade to grade.

It is intended to develop this department, and by outside work enable students to earn wages as soon as they become proficient. But no wages will be paid to any student during the first year, and thereafter only to such students as average a high standard of work, and are capable of commanding wages.

GENERAL INFORMATION.

NATURAL SCIENCE.

The Physical Laboratory is provided with ample apparatus for the illustration of the laws of Motion, Heat, Sound, Light and Electricity; the latter important subject being especially well represented by electric lamps of various styles and sizes, electric motor, magnetic telephones, telegraphic instruments, with lines, microphones, induction coils and instruments of measurements.

The Chemical Laboratory is provided with all necessary material for the study of General Chemistry, and complete apparatus and re-agent tables for analytical research.

For the study of Natural History a valuable collection of fossils, minerals, plants and animals is now being arranged for convenient study and reference.

A fine microscope (Tolles) and other useful apparatus are used in this department.

At Athens, the department of Political Science and Hygienic Philosophy is in the hands of Prof. W. W. Satterlee, D.D., a specialist in his line of work, who devotes the winter term of each year to instruction in the school.

RECITATIONS AND EXAMINATIONS.

Each student is required to have not less than fifteen nor more than twenty recitations per week, except by special permission of the Faculty. A record is kept by each professor, showing the grade of each student's daily work; and this, together with the result of a thorough written examination at the end of the term, must show an average of 70 in the scale of 100 before the student can be passed in any study.

New students must give satisfactory evidence as to their knowledge of the studies previously pursued by the class they wish to enter, either upon examination or by certificate of the principal of the school from which they come, and if, after one term, they are found to be ranked too high, will be reduced.

It is very important that students enter classes at the beginning of the term, and keep in mind that constant, prompt attendance is necessary for the attainment of high grades. Students must not leave classes, nor take up new studies, except upon written approval of the proper officers.

Candidates for degrees will not be permitted to pursue studies in advance of their class, nor will anyone be allowed to take studies for which he is not duly prepared.

Students in the University will not be permitted to take lessons from anyone outside the Faculty, except by express permission.

Students, not candidates for degrees, may pursue studies in any department for which they are prepared. Certificates, showing the amount and grade of work done by them, will be given upon application to the Dean of the department.

The University confers the following degrees :

Bachelor of Arts (A. B.) upon all who complete the classical course of study.

Bachelor of Philosophy (Ph. B.) upon all who complete the philosophical course.

Bachelor of Science (B. S.) upon all who complete the scientific course.

Bachelor of Theology (S. T. B.) upon all Bachelors of Art who complete the theological course.

Bachelor of Music (Mus. B.) upon all who complete the course in music.

Also, the Post-graduate Degrees, Master of Arts, (A. M.), Master of Philosophy (Ph. M.) and Master of Science (M. S.) upon Bachelors of Arts, of Philosophy and of Science, respectively, who, after graduation, have successfully pursued studies under the direction of the Faculty for one year, or have engaged for three years in literary or professional work.

The degree, Doctor of Philosophy, will be conferred upon Masters of Science, Arts or Philosophy, who successfully pass a written examination on the prescribed course of study. Information respecting the course of study, subjects and details of examination, expenses, etc., will be furnished upon application.

ELECTIVE STUDIES.

Students not candidates for degrees may pursue studies in any of the departments, provided they enter classes already formed, and are prepared to do successfully the work required. Candidates for degrees will, in certain cases, be permitted to substitute work or select studies from other departments.

All substitutions and selections must be of such character as shall not lower the grade of scholarship and culture. The approval of the Faculty, however, must be had in every such instance.

MORAL AND RELIGIOUS CULTURE.

The University is pre-eminently a Christian school. A healthy, moral and Christian atmosphere pervades the work in every department.

The young men and young women each maintain a Christian Association, which holds regular weekly meetings.

All students are required to attend religious exercises in the University Chapel on each school-day, and public worship in one of the churches Sabbath morning. The University is under the auspices of the Methodist Episcopal Church, and owes much of its usefulness to the loyal and intelligent support of the Holston, Blue Ridge, Alabama, Virginia, Georgia, Kentucky, Central Tennessee and Florida Conferences.

READING AND RHETORICAL EXERCISES.

Especial attention will be given to these important branches in all departments during the entire year. Each member of the Senior Class is required to de-

liver one original address in the University Chapel each term. Each Literary Society will be permitted to give one public entertainment during the year, under the direction of some member of the Faculty.

LITERARY SOCIETIES.

At Athens there are four literary societies, organized under the laws of the University: The Athenian and Philomathean, for gentlemen; the Sapphonian and Knightonian, for ladies. All have separate halls for meeting, a large, active membership and appropriate libraries.

At Chattanooga, four literary societies have been organized among the students: The Demosthenean, the Waldenean, the Adelphian and Simpsonian, and have been profitably maintained thus far. Each has been assigned a commodious hall in the University building, which it has handsomely furnished and used for weekly meetings.

LECTURES.

During the winter months, eminent lecturers are engaged to address the students on social and literary topics. As a matter of general culture, these courses have been of great interest and benefit to all classes of students.

EXPENSES.

The entire history of the University has been characterized by the efforts of its Trustees and Faculty to reduce the cost of a liberal education to such low figures that the poorest students need not be deterred on account of their financial condition. It is a source of great satisfaction that the efforts made in this direction have been so successful, and that students in

the humblest circumstances are here able to obtain a liberal education, and prepare themselves for any of the practical and learned professions they may desire to pursue.

It is, without doubt, true, that no other institution of like grade, can offer such advantages for higher education at so little cost.

While a number of students board themselves, and work to pay their way, there are no social or class distinctions that separate them from those who have ample means. The University knows no aristocracy but character and merit, and the heroic efforts of poor students command universal respect and consideration from both students and Faculty.

From the following table of expenses the actual outlay in any department may be readily computed :

Tuition in Regular College Classes, per term.....	\$10 00
Tuition in Preparatory Department, per term.....	6 00
Ministerial students half above rates.	
Tuition in Mechanics.....	5 00
Tuition in Music, per term.....	10 00
French, German or Spanish, out of Course, per term....	3 00
Painting or Drawing, out of Course, per term 20 lessons	10 00
Bookkeeping, out of Course, per term.....	5 00
Penmanship, per term.....	3 00
Incidental Fee, paid by all, per term.....	3 00
Students in Analytical Chemistry pay cost of material used, average, per term.....	3 00
Use of Piano or Organ, per month.	1 00
Table Board in Hatfield Hall, Athens (gentlemen), per month.....	7 00
Board in University building, Chattanooga, including room with heavy furniture, and heat and light, per week.	3 00
Room in Hatfield Hall, with heavy furniture, per term..	1 50
Room for self-board, at Athens, with furniture, per term	1 50
Students board themselves at a weekly expense of 75c. to	1 00
Fee for Post-graduate Degrees.	10 00
Fee for Bachelor's Degrees.....	5 00
Fee for Academic Diplomas.....	3 00
Board and room in Bennett Hall, per week.....	2 50

Habits of economy and industry are encouraged in all, and every possible aid will be rendered worthy men and women in their efforts to keep their expenses low, and in surrounding them with home-like influences. Each G. A. R. Post in the Department of Tennessee is offered free tuition for one student in College, Preparatory or Mechanical Classes. Ministers of the Gospel, in the regular work, and their families, will be allowed tuition in the regular College and Preparatory Classes at one-half the regular rates; but the Incidental Fee must be paid in full by every one who enters the University. No reduction will be made except in cases of prolonged sickness or unavoidable absence during more than one-half the term, when one-half the tuition paid will be refunded.

All fees must be paid in advance, and no professor will receive a student into his class except on presentation of a ticket showing that settlement has been made with the Registrar of the Faculty.

GOVERNMENT.

All regulations of the university relating to discipline will be in force during the intervals between the terms.

The regulations of the University are few and simple, based upon the usages of Christian homes and refined society. They appeal to the student's honor and self-respect, insist upon regular habits, inculcate respect for law and order, and inspire a love for the gentler and unselfish qualities that characterize the true gentleman and the refined lady. A faithful ob-

servance of the hours set apart for study, and regular and prompt attendance upon all classes, exercises, or other duties involved by the student's connection with the University, will be firmly insisted upon.

Students will be held responsible for damage done by them to any property of the University.

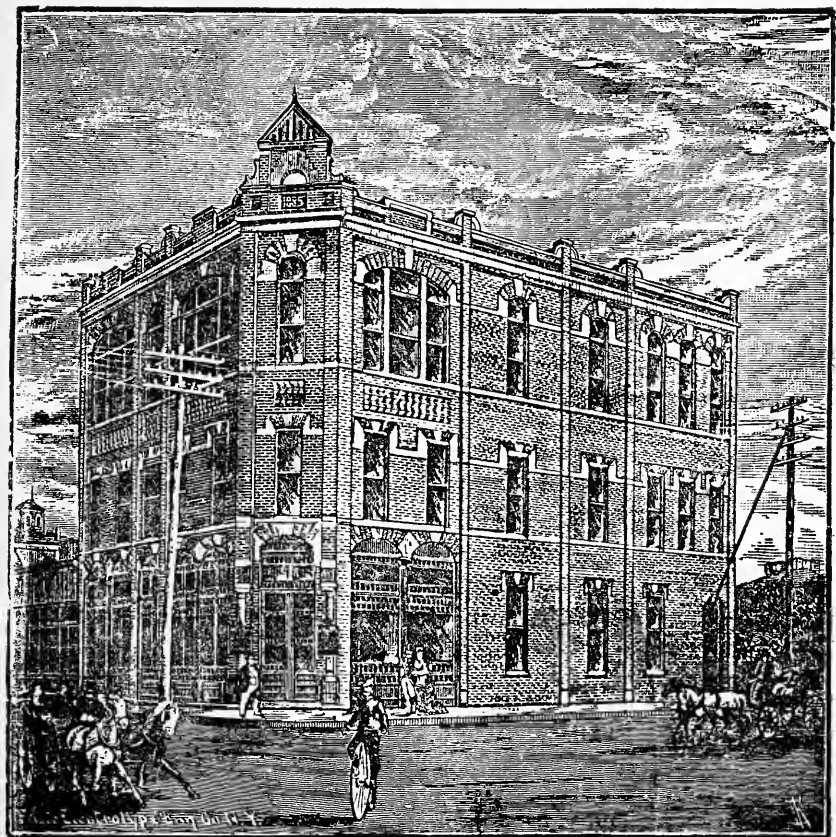

The association of ladies and gentlemen must be strictly in accordance with the regulations of the Faculty.

No meeting of students in the University buildings for the transaction of business, and no exercises whatever to which the public are admitted, whether by society or individual students, shall be held, except with the consent of the Faculty previously obtained.

The regulations of the University are printed in detail, together with such other information as may be of interest and benefit to new students, and may be obtained of any officer of the Faculty.

It is desired that all students examine them carefully before matriculating, as all who become members of the school must agree to conform to them, and anyone who persists in their violation, or who, in the judgment of the Faculty, exerts a bad influence in the school, will be dismissed without hesitation.

CHATTANOOGA MEDICAL COLLEGE.

COLLEGE OF MEDICINE.

Located in Chattanooga, and known as the Chattanooga Medical College. Its present quarters are shown in the accompanying cut, and stand on the corner of Georgia avenue and Ninth street, right in the business heart of the city, and convenient to the Central railway station, and the lines of the electric cars, which radiate in all directions. Plans for a new building, to be erected by the trustees on the corner of Vine and Baldwin streets, in close proximity to the main University in Chattanooga (and only four blocks from the new hospital there), are progressing. The project will be pushed to completion just as fast as this is practicable, the endeavor being to complete it for occupancy during the very next session. Meantime, the present building will be wholly remodeled inside, so as to afford accommodations for the rapidly increasing attendance during the early part of the fall term.

The Medical College has reached its fourth year in a most prosperous condition, having enjoyed an unexpectedly large attendance, and from a vast scope of territory extending from Canada to Texas and California, including representatives in its classes from very many of the intervening States. Last year it matriculated a class of one hundred and twenty, and sent

forth a large graduating class from this number. Inquiries from prospective students all over the country have been received this year in excess of previous seasons at this date—the issuance of this Year Book—and the outlook is for a much greater patronage during the coming winter session than ever before.

The College is fully equipped for training students in all of the branches customary in medical educational work, including Practical Anatomy, Laboratory Drill, Hospital Bedside Teaching and Dispensary Clinical Experience. The whole aim of its Faculty is to afford the best attainable inculcation of *practical* minutiae, and thus thoroughly indoctrinate its pupils for capable and creditable performance of future daily duties in professional life.

 This College issues a large and SPECIAL CATALOGUE OF ITS OWN, which can be obtained upon application, and wherein is fully set forth all requirements for matriculation and graduation, as well as the curriculum in detail, and a full list of the faculty, students and graduates in this Department of the University. Therefore further mention is only made here of the following :

FEES.

Matriculation, (only <i>once</i> exacted) \$ 5 00
General Professor's Ticket, (each session unless the third) 65 00
Laboratory, Incidentals and Hospital, (obligatory) 10 00
Demonstrations of Anatomy, (at least one year)	10 00
Final Examination, (when taken) 25 00

When the *three-year course* is taken there are no Matriculation nor Professor's fees the third term and

Dissection is wholly optional if previously attended to.

There are no other fees for Physiological, Pharmaceutical, Pathological, Chemical or other demonstrations or quizzing.

Persons wishing limited training and study in special departments can matriculate and pay customary fees for the branches desired, without taking out tickets for the full course.

BENEFICIARY SCHOLARSHIPS.

Two years ago, in order to aid a limited number of really worthy young men of scant means to attain a medical education, it was determined to accept recommendations for such, as "beneficiary students," one each from the various posts of the Grand Army of the Republic and the camps of Confederate Veterans, and was so announced in the Catalogue of that year. Persons of proper qualifications, presenting credentials in due form from such organizations are admitted at only \$25.00 for the Professors' Tickets, other fees remaining uniform for *all* matriculates.

The plan has proved satisfactory and the Faculty will continue these beneficiary scholarships as heretofore, to students who are poor, of good character, and otherwise acceptable to the authorities of the Institution.

This same courtesy in the way of fee rates is given the *sons and brothers of practicing physicians and clergymen*, but to no other parties, as it is not the intention that this well meant charity shall be abused, nor be promiscuously available to every person desiring to attend college, and proper precautions will be exer-

cised to protect the Institution from imposition by parties abundantly able to pay the usual rates.

For Annual Announcement and Catalogue, or further information apply direct to E. A. Cobleigh, M. D., Dean; or J. R. Rathmell, M. D., Secretary; No. 729 Chestnut Street, Chattanooga, Tennessee.

CHATTANOOGA COLLEGE OF PHARMACY.

(Pharmaceutical Department of Grant University)

FACULTY.

E. A. COBLEIGH, M. D., Dean.

W. A. APPLGATE, M. D.,
Professor of Materia Medica and Botany.

HARRY WISE, Ph. G.,
Professor of Chemistry.

S. W. PREWETT, Ph. G.,
Professor of Pharmacy.

M. BLOCK, M. D.,
Lecturer on Practical Pharmacy.

The Regular Annual Course of Lectures in this School will begin on Monday, September 19th, 1892, and continue till the early part of March, 1893. A full course of instruction, both didactic and practical, will be afforded students who wish to thoroughly fit

themselves for pharmaceutical pursuits. The laboratory work in the Chemical and Pharmaceutical branches will be specially full and comprehensive.

Lecturing and laboratory hours will be so arranged as to afford students free opportunity to fill active positions in drug stores in the city, if such is their desire, during the course of the instruction.

The Laboratories are thoroughly equipped for the most elaborate requirements of teaching in a school of this character, and graduates carrying hence the diploma of this Department will be in every way qualified for the exacting duties of professional pharmaceutical lives.

REQUIREMENTS FOR GRADUATION.

The candidate must give satisfactory evidence of a good moral character; and must have attained the age of twenty-one years. He will be required to have attended two full courses of lectures in some reputable college of Pharmacy, the last of which must have been here; he must have passed a satisfactory examination in each department; and finally he must have had a *practical experience* of four years in pharmacy (*including the period of attendance at college.*)

FEEES FOR REGULAR COURSE.

Matriculation (paid only once).....	\$ 5 00
Professor's Fees.....	45 00
Diploma Fee.....	15 00

Students in this Department will receive constant drill in the scientific filling of prescriptions by daily service in the Free Dispensary belonging to this School, where all of the prescriptions of the Medical

College Clinics in its Out-Door Department are compounded.

For any further information concerning the Chattanooga College of Pharmacy write direct to Harry Wise, Secretary of the Faculty, No. 709 Market Street, Chattanooga, Tennessee.

CHATTANOOGA COLLEGE OF DENTISTRY.

(Dental Department of Grant University.)

This Department is now organizing and will be completed just as speedily as the Trustees can secure a thoroughly competent corps of instructors for the work. A careful selection of teachers is being made and as soon as it can be completed without undue haste the School of Dentistry will be open for the reception of students, the intention being to have it fully ready for business by the date of opening of the Medical College.

COLLEGIATE YEAR.

The intention is to have the collegiate year begin about the middle of September and extend to about March first, affording a teaching period of over five months each year, with a Christmas holiday covering one week deducted therefrom.

PLAN OF INSTRUCTION.

This will be such as is customary in all reputable schools of this character, including, during the winter session, didactic and clinical lectures, demonstrations, class quizzes and all kinds of *practical* work. Faithful attendance during this course on the part of stu-

dents will be exacted as prerequisite for final graduation.

REQUIREMENTS.

Students must not be less than eighteen years of age prior to matriculating primarily.

They must furnish satisfactory evidences of reputable moral character.

They must present proof of a good literary education, by diploma from a good school, a teacher's certificate, or satisfactory passing of an examination to be made by the dental faculty.

By proper credential from other dental schools students will be admitted to such place in this College as previous study entitles them to attain.

TO GRADUATE.

To graduate, students must be not less than twenty-one years of age. They must have devoted at least three years to dental studies. They must have attended three full courses of instruction in a reputable dental college, the last of which shall have been in this institution. All fees due the school shall have been settled in full. A thoroughly satisfactory examination shall have been passed before the faculty in every branch here taught, and cases in practice must be presented in the operative and prosthetic departments.

FEEES.

The fees for a course here will be the same as are customary in other dental schools in this section of country, and can be learned by application to the proper officials of the school.

FACILITIES.

When the Dental Department opens it will be thoroughly equipped for furnishing every facility nec-

essary on behalf of the student for attaining most thorough proficiency in Dental Studies and skill. Anatomy, Physiology, Chemistry, Pathology, Histology, Laboratory Manipulations, and Practical Clinical Operations will all be presented to pupils and they will be constantly drilled in both the theoretical and practical parts of their art.

COURSE OF STUDY.

This will be divided into three complete annual courses as customary in all Dental Institutions, and according to the plan usual in other schools. Quizzes will be frequent and the grade herein attained will be a prominent factor in final examination for graduation.

GENERAL EXPENSES.

Cost of living in Chattanooga can be made as low as in any other place of like size and where similar facilities are obtainable. By reference to other pages of this pamphlet an idea of the cost of board and lodging can be readily had.

For further information application can for the present be made to the Dean or Secretary of the Medical College, though this Department of the University when perfected will be entirely separate and distinct from any of the other departments.

MOUNTAIN CITY BUSINESS COLLEGE.

(Commercial Department of U. S. Grant University.)

This is not a "department" in the sense usually applicable when speaking of commercial work in the

literary schools, but a complete and thoroughly equipped business college, with every facility afforded by any other commercial school. The teachers are all specialists in their work, fitted for it by special training, and experience in business, as well as experience in teaching in leading business colleges.

The work of this department is divided into two courses, the Business Course and the Shorthand Course. The Business Course includes Double Entry Bookkeeping, Single Entry Bookkeeping, Business Correspondence, Commercial Arithmetic, Practical Grammar, Business Forms, Penmanship, Commercial Law, Banking, Spelling, and Office Practice. The Shorthand Course includes Shorthand, Typewriting, Business Correspondence, Grammar, Punctuation, Business Forms, Legal Forms, Spelling, Penmanship, Manifold, Letter Copying, and Office Dictation.

Students entering either course of this department advance as rapidly as their ability and application make possible, since the work is largely individual.

Special advantages are offered the students in boarding, which, together with furnished rooms, can be had at a price much below that found elsewhere. In being able to greatly limit the expense of living, and at the same time give all the benefits of a business education which are gained only in a large business center, we claim unsurpassed facilities.

Write for separate illustrated catalogue, which is mailed free upon application, and gives very full information relative to the work of this college.

Address

MOUNTAIN CITY BUSINESS COLLEGE,
Chattanooga, Tennessee.

CHATTANOOGA COLLEGE OF LAW.

(Law Department of Grant University.)

FACULTY.

HON. D. M. KEY, Dean.

Ex-U. S. Postmaster General; Judge of U. S. District Court.

JUDGE LEWIS SHEPHERD,

Attorney of East Tennessee and Queen & Crescent R. R. Systems.

JUDGE C. D. CLARK,

Attorney of Louisville & Nashville Railroad System.

HON. XENOPHON WHEELER,

Ex-United States District Attorney.

HON. C. D. McGUFFEY,

Attorney of Cincinnati Southern R. R. Trustees.

FRANCIS MARTIN, ESQ.,

Ex-City Attorney of Chattanooga.

The next regular session of this school will open on Monday, October 10th, 1892, and will continue into the following April, 1893.

REQUIREMENTS FOR ADMISSION.

For admission to the Junior Class of the Law School no examination will be required; but students are advised to read some elementary text book treating of law in general, such as "Walker's Introduction to American Law," or "Pomeroy's Municipal Law."

Applicants for admission in the senior class must pass a written examination in the junior course studies.

GRADUATION.

To graduate in this school and receive its diploma the student must pass a satisfactory written examina-

tion on all the subjects included in the whole course of study.

COURSE OF STUDY.

Junior Class.

Elementary Law.....Robinson
Law of Contracts.....Bishop
Domestic Relations.....Schouler
Partnership.....Parsons
Corporations.....Boone
Torts.....Cooley
History of a Law Suit ...Carothers

Senior Class.

Negotiable Instruments...Tiedman
Real Property.....Tiedman
Equity Jurisprudence... ..Bisphan
Constitutional Law..... Cooley
Equity Pleading..... Lube
Law of Evidence.....Reynolds
Gibson's "Suits in Chancery.".....

The entire course is arranged to occupy two terms, but students can, by application, graduate in one collegiate year if the requirements are fully complied with.

LECTURES.

During the session there will be a regular course of lectures delivered to the Senior class by the several members of the Faculty. The subjects of these lectures will be announced from time to time during the term, and will cover all the important topics treated in the various text books above mentioned.

MOOT COURTS

Will be held each week under the direction of the Dean, at which some one of the Professors will preside, while the case under consideration is argued by the students participating.

Moot Clubs will also be formed for the purpose of giving students exercise in pleadings, practice and argument.

EXPENSES.

Matriculation Fee (only once exacted).....	\$ 5 00
Tuition Fee (each term).....	50 00
Diploma Fee (at graduation).....	5 00

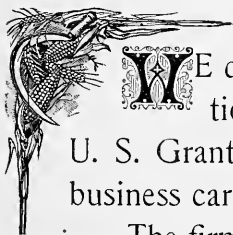

Partial course if desired may be taken at proportional rates.

The text books used in the school will cost (about) \$30 for the Junior session, and \$40 for the Senior year.

Many students are able to make arrangements with different law firms in the city by which they are permitted the use of their libraries, thus materially reducing the original outlay generally necessary for text books.

The cost of room and board, including fuel and lights, is as low in Chattanooga as in any other city of like size in the South.

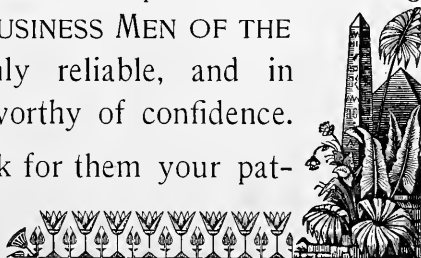

Any further information desired can be obtained by application to Francis Martin, Secretary of the Faculty, Chattanooga, Tennessee.

WE desire to call the special attention of students and friends of U. S. Grant University to the following business cards.

The firms here represented are among the LEADING BUSINESS MEN OF THE CITY, thoroughly reliable, and in every respect worthy of confidence.
